

## H. S. GIRLS TO NEWTON

Ten Delegates From Topeka Will Attend State Conference.

Ter. Topeka high school girls representing the Topeka high school club of the Y. W. C. A. will leave for Newton, Kan., tomorrow where they will attend the Kansas high school girls conference. Two hundred high school girls from all over the state are expected at this conference. The chief speakers will be Miss Helen Butler, national secretary of the Y. W. C. A. for secondary schools, Miss Lucy Y. Riggs and Miss Katherine Halsey, state secretaries of the west central field committee, and Mrs. W. S. Ward of Denver, Colo.

The Topeka club will stage a musical play showing the associated life in China. Miss Marion Dana, president of the Topeka high school club, will address the conference on "The Meaning of Association Membership to a High School Girl." Miss Clara Armstrong of the Topeka association will have charge of the games Saturday afternoon. The Topeka girls who are going are: Miss Marion Dana, Miss Helen Holler, Miss Faith Young, Miss Barbara Jarrell, Miss Eschler Thomas, Miss Helen Muller, Miss Dorothy Bradbury, Miss Vera Furman, Miss Mildred Baxter and Miss Marie Baxter.

## TOPEKA IS GROWING

An Average Gain of 1,000 a Year Since 1900.

Since 1900 the population of Topeka has jumped 15,768. The bonded debt of the city is now \$1,133,878, a decrease from the 1910 total, \$1,231,878. The bonded indebtedness of the city in 1905 was \$1,195,690. This increased to \$1,231,878 in 1910, when many improvements were put in, but has been decreasing steadily ever since.

According to figures in the Topeka pastoffice, the receipts double every four years. In 1900 the receipts were \$122,394.28. This year they are \$249,707.91, almost four times what they were fifteen years ago, and show an increase of \$297,313.62.

The value of Topeka property has just doubled in the last ten years, according to the assessor, who says that in 1905 Topeka was worth \$23,964,145, and at the end of 1914, it would have taken \$25,935,362 to buy the town. Naturally, building activities have been booming in the past decade. The highest mark was reached in 1910 and 1911 when the total value of new buildings erected was more than two and one-half million dollars. In 1900 permits were issued for buildings costing \$486,255 and in 1914 for \$547,283. The year 1910 saw 676 permits issued for \$1,244,946 and in 1911 there were 677 permits given out for \$1,048,058 worth of building.

## PHILLIES GET SHARE

Twenty-Two Players and Moran Receive \$2,519.99 Each.

Philadelphia, Oct. 14.—The members of the Philadelphia National league baseball team called at the offices of the club today and received the losers' share of the world series receipts. Twenty-two players and Manager Moran each received \$2,519.99. Mike Dea, the trainer, who kept the men in physical condition, and Sam Payne, the ground keeper, were given sums of money pooled by the players.

The members of the team were canvassed today to determine how many are willing to make the proposed trip to the Pacific coast with the world champion Boston Red Sox. Final financial arrangement for the trip have not been made with the Pacific coast interests.

All the members of the Phillies have been invited to be the guests of fans at a dinner here Saturday night in honor of their bringing the first National league pennant to Philadelphia.

## TALKING ON WHEELS

Three Women, Suffragists, Will Be in Kansas Soon.

Denver, Oct. 14.—Three women, motoring from San Francisco to Washington campaigning for national suffrage for women in 1916, left today for Colorado Springs, where they will be guests of women suffrage supporters.

Friday will be spent at Pueblo, the party leaving for Kansas City probably Saturday.

Last night the women talked with Speaker Clark. Subsequently they stated the speaker discussed woman suffrage in general but gave no definite assurance of support for the Susan B. Anthony amendment to the constitution.

## Makes Stubborn Coughs Vanish in a Hurry

Surprisingly Good Cough Syrup Easily and Cheaply Made at Home

If some one in your family has an obstinate cough or a bad throat or chest cold that has been hanging on and refuses to yield to treatment, get from any drug store 2½ ounces of Pinex and make it into a pint of cough syrup, and watch that cough vanish.

Pour the 2½ ounces of Pinex (50 cents worth) into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 54 cents, and gives you a full pint—a family supply—of a most effective remedy, at a saving of \$2. A day's use will usually overcome a hard cough. Easily prepared in 5 minutes—full directions with Pinex. Keeps perfectly and has a pleasant taste. Children like it.

It's really remarkable how promptly and easily it loosens the dry, hoarse or tight cough and the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. It is a splendid remedy for bronchitis, winter coughs, bronchial asthma and whooping cough.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in quinine, which is so healing to the membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex," and do not accept cheap imitations. Genuine of absolute satisfaction goes with this preparation or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

## Ancient Human Skull.

Of interest in connection with the Tertiary gold-bearing river gravels of California is the story of the Calaveras skull. For a time this skull attracted much attention not only from people in California, but from men the world over.

It was reported to have been found in 1868, near the town of Angels, Calaveras county, at a depth of 130 feet, in Tertiary gravels underlying Tertiary lava.

The finding of a human skull embedded in such deposits was for a time believed to indicate that man had been in existence in North America longer than had been supposed.

Strange to say, the skull is of a higher type than skulls which, although known to antedate historic times, are known also to be much younger than the Tertiary. Although Prof. J. D. Whitney, then state geologist, accepted the skull as a bit of genuine scientific evidence, it is generally believed by students of the antiquity of man that the Calaveras skull, while undoubtedly old, probably did not come from the auriferous gravels at all.—Overland Geobook, Bulletin 612, United States Geological Survey.

## Church 60 Years Old

Anniversary of First Congregational Church Celebrated Tonight.

The sixtieth anniversary of the founding of the First Congregational church will be celebrated tonight at the church building, Seventh and Harrison streets.

The women of the church will serve a banquet to the Men's Brotherhood at 6:30 o'clock. Plates for 100 will be laid and in the center of the table will be an immense frosted cake with sixty candles upon it.

Talks will be given and members of the church are asked to attend the free banquet.

The Rev. Arthur S. Henderson, pastor of the First Congregational church, is spending his vacation in the east, attending a church conference. He will be absent four more Sundays.

## NO PEACE MEETING

President Wilson Not Disposed to Call Nations Together.

Washington, Oct. 14.—President Wilson is not disposed at this time to call a peace conference of neutrals as suggested by the international peace conference at San Francisco, according to those in the confidence of the White House today.

Prohibits Worn in Texas.

Houston, Oct. 14.—Complete count today showed that the Prohibitionists won Calhoun county by a single vote at the recent election. A contest is probable.

Ganz, Famous, Jockey, Dead.

Lafayette, Ky., Oct. 14.—Jockey Carl Ganz, who was injured in a spill here Monday, died tonight without regaining consciousness. He was one of America's foremost riders. He was under contract to E. R. Bradley, Kentucky's millionaire horseman.

## NOTED GERMAN DEAD

Dr. Ferdinand Goetz Was Head of Athletic Union and Turnverein.

Berlin, Oct. 14.—Dr. Ferdinand Goetz of Leipzig, president of the German Athletic union, and founder of the Turnverein of San Francisco, is dead at the age 85.

## WOULDN'T ACCEPT IT

## PURE ICE ORDER OUT

All Supplies of Frozen Water Must Be Inspected.

All ice supplies in Kansas must be inspected regularly for purity, according to an order issued today by Dr. S. J. Crumline, secretary of the state board of health.

Under the law it is required that all water supplies in the state be inspected twice annually. Today's order follows a ruling from S. M. Brewster, state attorney general, that ice is but water in another form. As a result every ice producing concern in the state will be inspected at least twice annually and the samples taken sent to the University of Kansas for analysis.

The order also directs that the cities of Caldwell, Caney, Paola, Cedarvale, LaHarpe and Marion immediately take steps to improve their water supplies, reports of state inspectors having indicated that they
